

Print/Scan/Copy

To print:

- **From a laptop or phone:**

- Log in to your Catawba email
- Create a new email
- Attach the document to the email (PDF works best)
- Send to print@catawba.edu
 - This will be sent to any Canon Device on campus (SecurePrint) but may take a few minutes to show in your print queue
 - Documents default to print in color which will charge you 2 prints/page
 - To change to B/W, select the document in your print queue, select “options”, and change the color of your document to B/W
- Log in to any Canon device on campus using your Catawba ID on the keypad (looks like a hand holding a card)
- Choose “Secure Print”
- Select your print job from the queue/list, and select “print + keep”
- Remember to select “Log Out” at the bottom corner of the screen before leaving the device.

- **From a college computer/laptop:**

- Log-on to a library computer/laptop with your Catawba username and password
- Once you’ve opened your file, go to “File,” “Print” and choose “SecurePrint” the dropdown menu
 - If you do not see this printer, please let a staff member know
 - If printing in color, go to “printer properties” and under “Color Print,” choose “automatically”
 - Click “OK,” then “Print”
- **You will need your Catawba ID or your Catlink credentials**
- Take your ID to a Canon device and place it on the pad beside the copier screen (it looks like a hand holding a card)
 - Once you’ve logged in, choose “Secure Print”
 - Select your print job from the list
 - click “print + keep,” OR if you want to print all the print jobs listed, you can click “print all.”
 - BUT, the jobs will disappear, and if you need to reprint, you’ll need to send it again
 - You can also click each item and choose “Options” to change the settings of a document such as color, duplex (double-sided), page range, or number of copies
- If you are printing an 11x17 paper, the Canon device (at the Help Desk) should automatically choose that size paper.
 - We have a limited number of 11x17 pages already in drawer 2 of the Canon device by the Help Desk, but please let us know if it has run out
- If you are printing an 8.5x14 paper, the Canon device (at the Archives/ICE Box door) should automatically choose that size paper
 - We have a limited number of 8.5x14 pages already in drawer 2 of that device, but please let us know if it has run out
- Make sure to click “Log Out” at the bottom of the screen

****** If you receive an error message to “Load Paper” and there is paper in the copier, then press “Status Monitor” on the bottom left of the screen, wait for a pop-up, then press “OK”**

To scan:

- You must have your Catawba ID or log in with your Catlink credentials
- Take your ID to any Canon device on campus (SecurePrint) & place it on the pad by the copier screen (it looks like a hand holding a card)
- Choose “Scan and Send”
- Choose “Send to Myself”
 - This is your Catawba email address; it’s already attached to your card.
 - Scanned documents will **only** send/email to Catawba emails.
 - If you would like to send the scan to another *Catawba email address*, select “New Destination” and then “E-mail”
 - Enter the Catawba e-mail address, click “OK” and then “OK” again
 - If you want to send the document to an email address outside of Catawba, send the scan to yourself, and then forward to the appropriate email
- Place your document face-up in the feed tray on top of the device
 - If the document is double-sided, choose “2-Sided Original”
 - Then select “Book Type” and click “OK”
 - If the document is stapled, please see a staff member
 - You can also scan using the glass (instead of the top-feeder)
 - If you have multiple pages to scan, the scanner will give you time to scan each page.
 - Put the first page on the glass (top left corner) and press the green “Start” button on the keypad
 - **Before you click “Start Sending”**, place the next page on the glass
 - Press the green “Start” button again
 - Repeat for as many new pages as you need to scan
 - **THEN**, click “Start Sending” on the screen
 - The scanner settings are automatically set to automatic size and color, but see a staff member if you need to change any other settings
- Press the big green “Start” button on the keypad
- Click “Start Sending” on the screen
- Make sure to click “Log Out” at the bottom of the screen
- The document should be emailed to your Catawba email (or the Catawba email you entered) as a PDF attachment.

To copy:

- You must have your Catawba ID or log in with your Catlink credentials
- Place your ID on the pad at any Canon device (it looks like a hand holding a card)
- Choose “Copy”
- Place your document face-up in the feed tray on top of the device
 - If your document is larger than 8 ½ x 11, put it on the top left corner of the glass on the copier
 - If your document is in **color**, click “Select Color” choose “Auto” and “OK”
 - If your document is **double-sided**, click “2-Sided” then “2-Sided>2-Sided” and “OK”
 - If you use the glass for double-sided documents, you will need to copy one side, turn the sheet over, and press the “Start” button again to copy the other side
 - If your document is an obscure size, or you’re trying to copy pages from a book, a staff member can help
 - If you need to make more than one copy, just type the number of copies you need using the keypad
- Press the green “Start” button on the keypad
 - If a screen pops up asking the document size, see a staff member
- Take your documents, and make sure to click “Log Out” at the bottom of the screen
