To print:

- Log-on to a library computer with your Catawba ID and password (see a staff member, if needed)
 - If you would like to print from your laptop, attach the document to an email and send it to print@catawba.edu from **your Catawba e-mail**. You will be able to print it at the copier.
- Once you've opened your document, go to "File," "Print" and choose your printer from the dropdown menu
- If printing in B/W, print to any of the following printers: PCILIBUP_LASER (printer by the Reference section), PCILIBUP2_LASER (printer by the Circulation Desk), or secureprint (copier by the Circulation Desk)
 - If printing to the laser printers, simply retrieve your documents after printing
 - **If printing to the copier, you will need your Catawba ID**
 - Take your ID and place it on the pad by the copier screen (it looks like a hand holding a card)
 - Once it's logged in, choose "Secure Print"
 - Select your print job from the list, and click "print + delete," OR if you want to print all the print jobs listed, you can click "print all"
- If printing in color, you will need to choose "secureprint."

and press the green “Start” button again. Repeat for as many new pages as you need to scan. **THEN**, click “Start Sending.”
